THE "swearing circus" in Washington is what an exchange denominates our national law-makers.

THE Iowa Republicans adopted a sound platform, and put themselves on record against the old Calhoun doctrine of State Rights.

THE Senate didn't concur in the House resolutions providing for adjournment to-day, and the extra session will, perhaps, last another week.

Hon. Henry W. Blair will succeed Mr. Wadleigh as United States Senator from New Hampshire. He is an ex-Representative in Congress, and a stalwart Republican.

GEN. GRANT wrote a letter to a friend in Washington in which he mentions having seen in the papers references to political demonstrations in his honor on his arrival in America, and says any formal display would be disagreeable to him.

THE Memphis Avalanche says: "The anxiety of Congressmen to get away from Washington is a tame affair compared with the public anxiety on that subject. When Congress is in session the peace and general welfare of the country are in constant peril. Unless a change soon come in their conduct, the time is not far distant when Congressmen will be banished with our dangerous classes."

STATE Senators A. L. Landis, of Bedford county, and S. F. Wilson, of Sumner, and Representatives Richard Warner, of Marshall, and John Bellafant, (Bellyfat), of Maury, have taken the stump against the 50-4 proposition. They are all poison repudiators. This is about the strongest argument in favor of the proposition that could be presented.

THE Tribune appears to doubt our statement made a few days ago that the Republican party in Tennessee has always been sound on the State debt question, and says some Republicans have not been. There may have been a few Republicans in the State who were not sound on the question, but the party was in no way responsible for their unsoundness, besides there has not been a copious guard of them.

THE Suits Against the Railroad.
The United States Circuit Court adjourned yesterday to meet August 4th, at which time Judge Swayne, of the United States Supreme Court, will take up the cases of C. Amory Stevens, representative of certain Tennessee bondholders in New York, vs. the railroad in this State, in which it is sought to set up the claim that the railroads are liable for the payment of bonds alleged to have been issued in aid of their construction.—Nashville (Sunday) American.

XLVI CONGRESS.

SENATE.

WASHINGTON, D. C., May 16.

The Senate took up the bill introduced by Mr. McPherson to amend the act of 1793, in regard to enrolling and licensing vessels engaged in the coasting trade and fisheries.

Mr. Davis, of West Virginia, from the Committee on Appropriations, stated that in the consideration of the present state of business before the Senate Committee were unable to concur in the date in the House joint resolution fixing to-morrow as the day of adjournment. They hoped to be able to report the resolution soon, and to fix an early day for adjournment.

Among the bills introduced in the House to-day were the following:

By Mr. O'Connor, of South Carolina, to re-establish the office of Assistant Treasurer at Charleston.

By Messrs. Acklin, Elam and Gibson, of Louisiana, memorial of the Constitutional Convention for the establishment of a Judicial District for North Louisiana, and for the cession of the military barracks at Baton Rouge, to the State for educational purposes.

The total number of bills thus far introduced this session is 2,335. Mr. Springer, of Illinois, moved to suspend the rules and pass the bill prohibiting military interference at polls. It was lost by a strict party vote for want of two-thirds majority. Adjourned.

NORTH CAROLINA.

RALEIGH, N. C., June 16.—The Treasurer of North Carolina has received his new bonds for funding the recognized debt of this State. It is important for all holding those bonds to present them to the State Treasurer for redemption at as early a day as possible, the time being limited.

MINOR DISPATCHES.

GALVESTON, June 16.—Like Rector, a negro, and ex-city detective, in a gambling house to-day shot Nathan Harris through the heart. The murderer has been captured.

FOREIGN NEWS.

LONDON, June 16.—The Times financial article, referring to the condition of the money market, says: "Difficulties are still apprehended in the provinces and some very heavy failures would probably have occurred before now but for the fact that the provincial banks interested prefer to help their customers for the time being, rather than let it be thought that they have made any losses what would in ordinary circumstances have been helped by the fact that in some instances, turned into a kind of forced private liquidation. All this is well known in the city and makes money lenders more active and cautious than ever. A real revival of trade and a brisk demand for money would probably reveal enough weakness or insolvency in several quarters to amply justify the caution exercised."

The contest for the long distance championship of the world belt began at Agricultural Hall this morning. The scores at half past nine o'clock, a. m., were: Brown, 56 miles; Weston, 53 miles; Ennis, 45½ miles; Harding, 42½ miles. Harding is off the track, and behind; he played out.

THE REDS VICTORIOUS.

The Last Game Won by the Reds by a Score of 22-10.

The last game was played yesterday on the North Knoxville grounds, in the presence of an immense crowd. The excitement and interest ran high, and when it became a foregone conclusion that the Reds must win, the cheering from their friends became deafening.

From the very first, it was easy to perceive that the Reds were determined to wipe out last Saturday's defeat, but the Knoxville were just as determined that it should be repeated. The first inning was almost a Waterloo for the boys of the ensanguined stockings, and their backers drew several long breaths along there. In the second inning, though, by a white-wash of their opponents, they put things in a better shape.

The Knoxville played pluckily and well. Their club is a strong one, and when they shall have replaced some two or three of their players with better ones they will be hard men to handle. Their pitcher, catcher and first baseman are all new men in their positions, but show what they could do with practice. Reader on the second and Douglass on the third are also tough customers. It is very seldom that a base ball club improves as fast as this one has done.

On the side of the Reds, Condon and Lloyd divided the honors. "Shorty" was in fine trim, and pitched for all he was worth, also, he did some of the safest batting ever seen around here. Condon covered the third splendidly, after he had made one or two wild throws, and at the bid nobly. He made five runs and one out, and his home run was the event of the game. Speed, having never played on the grounds before, and consequently in his fielding until he became used to them, made a few errors. He will be a big help to the boys, as big as any one. Hunt was also himself again, and never played better in his life. Fuller distinguished himself by playing a game free from errors.

The following is the score as furnished us by Mr. Newman, the scorer of the Reds:

Runs.	Runs.	Runs.	Runs.	Runs.	Runs.
Fuller,.....	0	1	1	2	0
Lloyd,.....	3	2	4	3	2
Speed,.....	2	4	4	4	0
Condon,.....	5	1	3	7	6
Hunt,.....	4	1	3	6	4
Walker,.....	0	0	0	0	0
Runt,.....	2	3	1	1	0
Houk,.....	0	3	2	2	8

KNOXVILLE.	Runs.	Runs.	Runs.	Runs.	Runs.
Compton,.....	1	5	1	5	2
Douglass,.....	1	1	1	1	1
Hixon,.....	1	2	10	10	2
Waters,.....	1	2	0	0	1
Reeder,.....	1	4	0	0	0
Copeland,.....	0	0	0	0	0
Waldrop,.....	1	2	0	0	1
Bozeman,.....	1	1	0	0	0
McKeehan,.....	2	3	1	1	4

Mr. Moes umpired, and gave general satisfaction.

Last night the Captain of the Reds "set up" the boys to the cream at Kern's. "Shorty" was presented with a magnificent magnolia blossom by a young lady admirer.

The Ross Picnic on Record.

The picnic given Saturday by the employees of the Knoxville and Ohio Railroad is given up on all hands to be the biggest thing on record in the way of picnics, and was an event long to be remembered by those who were so fortunate to be in attendance. The management of their road were very obliging, and placed at the disposal of the picnic committee two of their engines and all the rolling stock available, besides coaches were procured from the E. T. V. & G. Road.

The excursion left the car shed at an early hour, with a train consisting of six coaches and nine seated coal cars besides the baggage and Judge Moes' car, in which he went along to pay off the employees along the line. Number 2 pulled the train, and with the faithful and reliable Dennis Gleason at her throttle, she worked like a top, and she was shoved up behind by No. 1, Monroe Black's engine with Jeff. Black at her throttle. Messrs. Monroe Black and Robt. Ragsdale were kept quite busy looking after the running of the train and the comfort of the crowd, and they were lent valuable assistance by Master of Transportation, G. J. Kinzel, Agent, W. B. Jackson and others.

There seemed to be a tremendous crowd leaving Knoxville, but people were picked up at intervals all along the route in great squads, and nine more cars were taken on at different points, so that when they reached Careyville, the point of destination, the train was twenty-five cars in length, and carried at least two thousand persons. The whole country, for miles around, was found to have turned out also, and were at the spot, so that it eclipsed anything we have ever witnessed in point of numbers.

The splendid grove on the old Carey place was soon resorted to, and found to be in good shape, and a few hours were spent very pleasantly by the crowds. The dancing to music by Crouch's band and the calling of Prof. Lowery, was the chief attraction, and there were other amusements, such as swings, sack races, etc. Mr. J. F. Kinzel had the refreshment stand, and drew a good custom.

A pleasing episode occurred when a rest for dinner was taken. Two hand-

some and valuable gold-headed canes, properly inscribed, were presented by the employees of the road to Mr. G. J. Kinzel, Master of Transportation, and Judge Jno. L. Moes, Superintendent and General Supervisor. Judge Moes made the presentation speech to Mr. Kinzel, and Mr. W. B. Jackson to Judge Moes. Both were taken completely by surprise, and accepted the tokens appropriately.

The return trip was made in the cool of the evening, our arrival at Knoxville being not until about 8:30. For such an immense gathering, it was truly remarkable for the splendid order. There was absolutely no drinking or disorder of any kind, and everything passed off in an eminently successful manner. Too much praise can not be bestowed upon the committee and managers of the picnic, and they may congratulate themselves heartily on their success.

First M. E. Church Picnic.

The members of the First M. E. Church and Sabbath School will have their annual picnic at Inskip Station, on the K. & O. Railroad, next Friday, the train leaving the depot promptly at 8 o'clock. Tickets for the round trip 25 cents, children 15 cents. Inskip Station is a favorite picnic ground, and we have no doubt there will be a large attendance. Friends of the church having croquet sets are earnestly requested to bring them.

Two old Texas rangers, who had just helped bury a neighbor, were talking about religion, and one asked the other how pious he thought it was possible for a man to get in this world, if he was in real earnest. "Wal," said the other, reflectively, "I think of a man gets so 't he can swap steers or trade hosses without lyin', at he'd better pull out for the better land afore he has a relapse."
